Leadership, Growth & Change

2026 Keider Consulting Group Workshop Catalog Topics

Workplaces continue to provide opportunities and bring challenges for leaders to align their culture with their people. This year's workshops focus on the top human-centered competencies organizations are seeking to upskill and expand. All sessions use masterful teaching strategies to engage your audience. People are connectors for how we understand ourselves, each other, and the work that we do – so let's see what we can do together!
